

The Fiji Plunge

Small spaces come alive with The Fiji Plunge. A spacious wading area coupled with a relaxing bench seat. Added spa jets will offer a soothing water massage and therapeutic benefits.

Welcome to an exciting pool design that can easily accommodate any small space or backyard. You can still have the pool of your dreams that is fully stocked with a variety of features and amenities. This small, shallow pool, usually referred to as a plunge pool, is designed for lounging, wading, or simply cooling off. Its flat bottom

floor is ideal for water exercises, too. The entry and exit steps also make getting in and out of the pool easy and convenient. Growing in popularity, the smaller size of plunge pools translates to easier maintenance and reduced ownership costs, including the added benefit of reduced water requirements.
